

Carrier (SCAC) Codes February 2010

H-D communicates to the supplier via the purchase order, ship schedule/picklist, or verbally which freight carrier to use for shipping the ordered material. The code that represents the freight carrier, also known as the Standard Carrier Alpha Code (SCAC), must be documented in the ASN in UPPER CASE letters. Attached is a list of commonly used freight carriers and their carrier code.

Suppliers supporting the **Supplier Direct** and **Parts & Accessories** businesses may find non-standardized carrier codes in the ship schedule/picklist or purchase order, which may not be listed in the attachment. The non-standardized carrier codes provide Harley-Davidson detailed information regarding the inbound shipment. For assistance in determining the non-standardized carrier code or interpreting which freight carrier it represents, please contact the following individuals:

- **Supplier Direct** suppliers should contact the Supplier Direct Coordinator, Brandon McSorley, Brandon.mcsorley@harley-davidson.com, telephone number 414-343-8566
- **Parts & Accessories** suppliers should contact their purchasing representative, which is documented on the purchase order

To speak directly with the H-D Transportation Department, please reference the end of the attachment for site specific contact information.

Carrier (SCAC) Codes September 2009

Carrier	SCAC	SCAC or Non- SCAC	Plants That Use Carrier							
			HD ¹	Frkln ²	KC ³	PTO ⁴	TK ⁵	YK ⁶	HDE ⁷	
A. Duie Pyle	PYLE	SCAC						X		
Airborne	AXPR	SCAC	X		X	X
