

Appendix A

Plant / Ship to Location Codes

June 2010

Please note that any of the Harley-Davidson plants can issue a release or purchase order for any ship to location within the Corporation.

If the ASN does not contain the same data combination as sent in the requirements document, the ASN will be rejected on the basis of inaccurate data content. This means that when the ASN is received into our EDI system, Harley-Davidson will send a Functional Acknowledgment. Then when the ASN is processed through the ASN edit process, which validates data integrity, the ASN will be rejected and an ASN Edit Report will be emailed to individuals within your company that are set up on H-DSN Supplier Contacts with an association of ASN Contact Primary or ASN Contact Back-up.

This appendix contains three tables:

- **Plant Codes Table:** This table lists all current plants (aka. schedule issuer, material release, or buying party) and the associated EDI qualifier and code for traditional EDI and Sterling Web Forms.
- **Ship to Location Codes Table:** This table lists all current ship to locations, their physical address, and the associated EDI qualifier and code for traditional EDI and Sterling Web Forms.
- **Codes Table:** This table lists in numerical order plant and ship to location codes, the ship to location physical address, and whether that code is a plant or ship to location.

Shipping Schedule Issuer

Shipping Schedule Issuer	Plant	Web Forms Pull Down Menu 1	Web Forms Pull Down Menu 2
006080519	Powertrain	DUNS code of H-D	Powertrain
