## Introduction

The ASN requires a schedule issue and ship code. The following document lists all valid schedule issuer and ship to codes.

ASNs containing invalid schedule issuer and ship to code will not process into the H-D production systems.

- ASNs sent to Non-York Schedule Issuers and ship to location will continue to be processed through the automated ASN edit process and ASN Contacts will receive the ASN Edit Report email via the automated error notification program.
- ASNs sent to the Bawal, York, KC, Thailand, and P&A Schedule Issuer will be processed through an SAP validation process. The process will not generate a report and there will be no automated error notification to the ASN Contacts. It is important that the ASN contain the correct schedule issuer and ship to code when it is originally sent.

## Asia-Pacific Distribution Center (Singapore)

The Singapore DC plant uses an Enterprise Resource Planning system utilizing SO99+ and SAP to fully integrate common processes across the distribution site. Forecasts are issued out of SO99+ with purchase orders sent from SAP containing schedule issuer and ship to codes that are unique to the system. ASNs sent to P&A will also require the same schedule issuer and ship to codes as sent in the ship schedule.

## Harley-Davidson Australia (HDA)

The Australia DC plant uses an Enterprise Resource Planning system utilizing SO99+ and SAP to fully integrate common processes across the distribution site. Forecasts are issued out of SO99+ with purchase orders sent from SAP containing schedule issuer and ship to codes that are unique to the system. ASNs sent to P&A will also require the same schedule issuer and ship to codes as sent in the ship schedule.

## Bawal

The Bawal plant uses an Enterprise Resource Planning system utilizing SAP to fully integrate common processes across the manufacturing site. Forecasts and ship schedules sent from SAP will contain schedule issuer and ship to codes that are unique to the system. ASNs sent to Bawal will also have to have the same schedule issuer and ship to codes as sent in the ship schedule.

Please note that the IBM Sterling Commerce Web Print application will not support the material requirements (forecast and ship schedule) sent from Bawal and does not provide the SAP ASN template need for shipments to Bawal. Suppliers using Sterling Web Forms will be required to use H-DSN Order Management to receive requirements and to send ASNs.

## Harley-Davidson CAT Logistics China

The China DC plant uses an Enterprise Resource Planning system utilizing SO99+ and SAP to fully integrate common processes across the distribution site. Forecasts are issued out of SO99+ with purchase orders sent from SAP containing schedule issuer and ship to codes that are unique to the system. ASNs sent to P&A will also require the same schedule issuer and ship to codes as sent in the ship schedule.

## European Distribution Center (EDC)

The European DC plant uses an Enterprise Resource Planning system utilizing SO99+ and SAP to fully integrate common processes across the distribution site. Forecasts are issued out of SO99+ with purchase orders sent from SAP containing schedule issuer and ship to codes that are unique to the system. ASNs sent to P&A will also require the same schedule issuer and ship to codes as sent in the ship schedule.

# Kansas City

The Kansas City plant uses an Enterprise Resource Planning system utilizing SAP to fully integrate common processes across the manufacturing site. Forecasts and ship schedules sent from SAP will contain schedule issuer and ship to codes that are unique to the system. ASNs sent to Kansas City will also require the same schedule issuer and ship to codes as sent in the ship schedule.

Please note that the IBM Sterling Commerce Web Print application will not support the material requirements (forecast and ship schedule) sent from Kansas City and does not provide the SAP ASN template need for shipments to Kansas City. Suppliers using Sterling Web Forms will be required to use H-DSN Order Management to receive requirements and to send ASNs.

## Parts & Accessories (P&A) / General Merchandise (GM)

The P&A plant uses an Enterprise Resource Planning system utilizing SO99+ and SAP to fully integrate common processes across the distribution site. Forecasts are issued out of SO99+ with purchase orders sent from SAP containing schedule issuer and ship to codes that are unique to the system. ASNs sent to P&A will also require the same schedule issuer and ship to codes as sent in the ship schedule.

Please note that the IBM Sterling Commerce Web Print application will not support the material requirements (forecast and purchase orders) sent from P&A and does not provide the SAP ASN template needed for shipments to P&A. Suppliers using Sterling Web Forms will be required to use H-DSN Order Management to receive requirements and to send ASNs.

## Thailand

The Thailand plant uses an Enterprise Resource Planning system utilizing SAP to fully integrate common processes across the manufacturing site. Forecasts and ship schedules sent from SAP will contain schedule issuer and ship to codes that are unique to the system. ASNs sent to Thailand will also have to have the same schedule issuer and ship to codes as sent in the ship schedule.

Please note that the IBM Sterling Commerce Web Print application will not support the material requirements (forecast and ship schedule) sent from Thailand and does not provide the SAP ASN template need for shipments to Thailand. Suppliers using Sterling Web Forms will be required to use the H-DSN Order Management to receive requirements and to send ASNs.

Suppliers with Final U.S. shipping locations will ship to a 3PL U.S. West Coast Consolidation Center:

DHL Supply Chain  
18310 Harville Ave, Ste 400  
Perris CA 92570

The West Coast Consolidation center address should **only** be used on the domestic Bill of Lading.

The B10 Master Label, Commercial Invoice, Packing List, and Payment Invoice **must** use the exact legal H-D Thailand company name, entity, and address as listed below. Suppliers should refer to their 862 or H-DSN to obtain shipping location information.

## All Other H-D Plants/Business

With the exception of the SAP plants listed above, all other H-D manufacturing locations and businesses are using H-D's legacy system. Forecasts, ship schedules, and purchase orders sent from the legacy system will contain schedule issuer and ship to codes that are unique to the system. ASNs sent to Bawal, York, KC, Thailand, and P&A will also have to have the same schedule issuer and ship to codes as sent in the ship schedule.

### Schedule Issuer / Buying Party Table – All Other

A schedule issuer is the Harley-Davidson entity that is forecasting material or issuing ship schedules or purchase orders. The entity can be a plant or retail business.
